Profile

Highly motivated junior software engineer with experience in integration development and .NET technology. I have a strong background in the fintech industry, where I have successfully designed and implemented solutions to address complex business requirements. With a proven ability to collaborate effectively with cross-functional teams, I consistently deliver high-quality results. I am now seeking opportunities to further develop my skills and contribute to the success of innovative projects across different sectors.

Professional Experience

10/2022 – present
Maadi, Cairo, Egypt

Software Integration Engineer, *CashCall* 📁

- Develop and maintain integration solutions using WSO2 middleware.
- Collaborate with cross-functional teams to gather integration requirements and design scalable and efficient solutions.
- Implement and configure enterprise-level integrations, ensuring adherence to best practices and security standards.
- Perform testing, debugging, and troubleshooting of integration components to ensure optimal performance and reliability.
- Conduct code reviews and provide feedback to team members to maintain code quality and standards.
- Participate in the full software development lifecycle, including requirements analysis, design, development, testing, and deployment.
- Stay updated with the latest trends and advancements in middleware technologies and propose innovative solutions to enhance integration capabilities.

10/2021 – 04/2022
Cairo, Egypt

Software Developer (Zoho Developer), *Wanas Apps* 📁

- Assist in the design and development of Zoho applications based on business requirements.
- Collaborate with the development team to create and implement customized solutions using Zoho Creator, Zoho CRM, and other Zoho modules.
- Customize and configure Zoho applications to enhance functionality and improve user experience.
- Perform testing and debugging of Zoho applications to ensure smooth functionality and identify and resolve any issues or bugs.
- Collaborate with cross-functional teams to gather requirements and provide technical guidance and support.
- Stay updated with the latest Zoho features, releases, and best practices.
- Assist in documenting technical specifications, user guides, and other relevant documentation.

Education

09/2017 – 05/2021
Cairo, Egypt

Bachelor's Degree, Computer Science, *El Shorouk Academy* [↗](#)

Obtained a Bachelor's Degree in Computer Science from the Faculty of Computers and Information Technology Elshorouk Academy - 2021. The graduation project was a Sales Prediction Application. Sales forecasting is a process in which a company can estimate its future sales based on previous data and industry comparisons
